

Reasi District J&K Informatics.

Deputy Commissioner
Office Reasi.

Reasi District.

Reasi district is a newly formed district of Jammu and Kashmir State. It is located along Chenab River, about 30km from Katra Vaishno Devi & about 75 km from Jammu.

ICT was introduced in District Reasi in 2011 with the setting up of NIC District Centre.

Website - <http://reasi.gov.in> The official website of the District provides information of interest to the general

public.

National Informatics Centre (NIC) is a premier S & T institution of the Government of India, for providing Government / e-Governance Solutions adopting best practices, integrated services and global solutions in Government Sector.

e-Governance Projects.

NIC has conceptualized, developed and implemented a very large number of projects for various Central and State Government Ministries, Departments and Organizations. Many of these projects are continuing projects being carried out by various divisions of NIC at New Delhi Headquarters and State/District centers

SERVICES PROVIDED BY NIC: The spectrum of services provided by NIC encompasses various dimensions of the

Information Technology Area and can be broadly listed as under:

- Consultancy
- Software Design & Development
- Networking
- Internet Services
- WWW Services
- Video Conferencing
- Electronic Commerce
- Office Automation

Achievements:

- Establishment of NIC District Centre at District Headquarter/ Deputy Commissioner Office Reasi.
- Designed and developed the official website of district Reasi.
- Establishment of video conferencing facility at the District Headquarter Reasi.

“The starting point of all achievements is desire.”

Mr. Asheesh Kr. Dogra
District Informatics Officer – DIO
National Informatics Centre
Reasi – Jammu & Kashmir.

Project: Computerization of ULB

Department: Urban Local Bodies

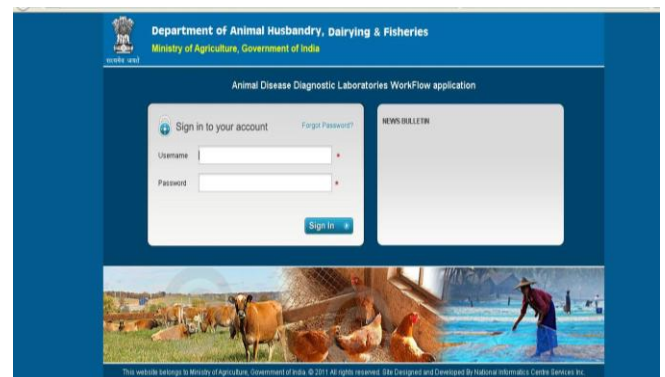

Description:Citizens can download the birth certificate from the website <http://jkhudd.gov.in> by providing parent's name, date of birth, Email id and mobile number. Without visiting the departments, citizens are able to know the status of their building permission through SMS, Email and website.

Project: NADRS

Department: Animal Husbandry

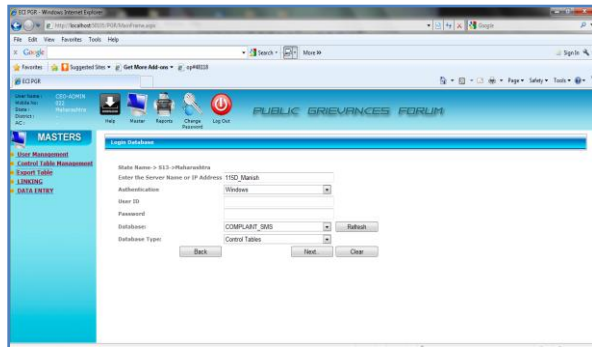

Description:National Animal Disease Reporting System(NADRS) covering Block Animal Husbandry Offices and CAHO connected to national network for rapid flow and analysis of animal disease data is under implementation.

Project:PGR

Department:Election

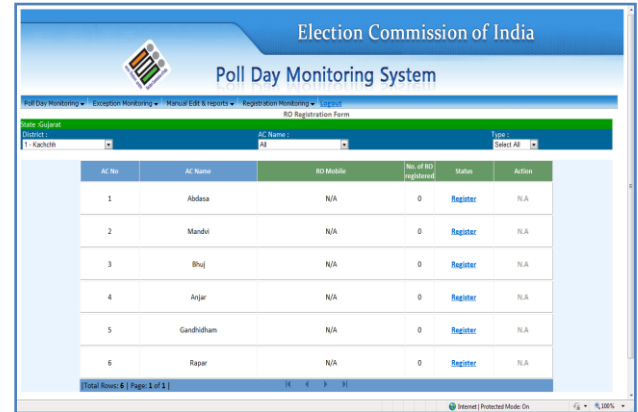

Description:Public Grievance Redress System (PGR) has been developed by the election commission. This system has been developed in such a manner that in addition to providing redress to complaints of the public, It also serves as a common interface for providing services. It is thus aimed as a complete G to C interface to provide seamless services to the citizens on election related matters.

Project: Poll Day Monitoring System

Department: Election

Description: Poll Day Monitoring System allows monitoring of elections through SMS after registration of mobile numbers

Project:Social and Economic Caste Census 2011

Description:Enumeration phase of SECC-2011 and supervisor module has been completed successfully.

Human Resource Development:

e-governance project related training is provided to officials of various departments. i.e CAPD, Election, Animal Husbandry, Municipality etc.

E-Governance Meeting At District Office Complex Reasi

Other e-Governance Projects :-

Electronic Voting Machine Tracking System (EVM Tracking)

Treasury/Fund Office Computerization

ARTO Computerization

The Official Website of District Reasi

ePDS (Public Distribution System)

Immigration, Visa and Foreigner's Registration & Tracking(IVFRT)

E-Court

Centralized Personnel information system (CPIS)

Mother and Child Tracking System(MCTS)

Indira Awaas Yojana (IAY) - AWAASSoft

Centralized Arms License Processing & Monitoring System (ALPAMS)

Project: Electronic Voting Machine Tracking System (EVM Tracking)

Department: Election

Description: EVM Tracking entry application is developed for creating a centralized database of all 35 states and UTs of India. It allows Tracking of Control Unit and Ballot Unit and their location. This application has the facility to create and enter the warehouse details in which the stock entry of CU and BU could be done by Warehouse In-charge. Transfer of CU and BU once entered will not require re-entry of data. It also keeps the check of duplicate entry of CU and BU in all the ware houses across the country. This Application has to be used at CEO/DEO/Warehouse In-charge / ECI Admin levels.

Project: Treasury/Fund Office Computerization

Department: Treasury

Description:The treasury computerization project is expected to make budgeting processes more efficient, improve cash flow management, promote real-time reconciliation of accounts, strengthen Management Information Systems (MIS), improve accuracy and timeliness in accounts preparation, bring about transparency and efficiency in public delivery systems, better financial management along with improved quality of governance in States and Union Territories.

Project: ARTO Computerization

Department: Transport

Description:Computerization of day to day activities at ARTO Office Reasi.

1. **VAHAN** : An application developed by NIC for registration of vehicles and road tax clearance . It helps the department to Register Vehicle, Collect tax, Issue various certificates and permits and Record the fitness of vehicles.
2. **SARATHI** : An application developed by NIC used by the department for Learner Licence, Permanent Driving Licence, Conductor's License and Driving School License.

Project: The Official Website of District Reasi

Department: Deputy Commissioner Office Reasi.

Description:The official Website of district Reasi is located at URL: <http://reasi.gov.in>, with the launch of the website, the district has become a part of cyber world.The main purpose of the website is to help in bringing transparency in public administration and a right step towards e-governance. The website also provides an interface between public and district administration. The site will also serve as a reference guide and bring the administration closer to people.

Project: ePDS (Public Distribution System)

Department: Consumer Affairs Public Distribution

Description:Based on the direction issued by Hon'ble Supreme Court, computerization of CAPD has been divided into two components i.e.

- *Component 1 : End to End Automation of PDS Supply Chain Management.*
- *Component 2: FPS automation and Digitization of beneficiary database.*

Description:Immigration, Visa and Foreigner's Registration &Tracking (IVFRT) In order to reorganize and integrate the Visa, Immigration and Foreigners Registration and Tracking processes a total of 37 services, including 9 core services, are to be covered under MMP These core services include:

- On-line appointments, application status tracking, feedback and grievance redressal.
- Document verification and authentication services to the Mission, Immigration and FRRO
- Effective facilitation of travellers at Immigration
- Facilitation services to the traveller by providing multi-channel access to relevant information and submission of forms
- Visa Issuance service
- Integrated Database of 'unique case files' travellers for effective collection and dissemination of traveller information
- Alert generation and dissemination service
- Effective targeted intervention through an integrated approach to profiling, risk assessment and watch-listing
- Inter-agency information and alert sharing services

Project: E-Court

Department: District Court Reasi

Description:The e-Courts project aims ICT enablement of the lower courts across the country. The project envisages deployment of hardware, software and networking to assist district and taluka courts in streamlining their day to day functioning such as case filing, allocation, registration, case workflow, orders and judgments will be IT-enabled. Causelists, Case status, orders, judgments will be available on the web and made accessible to litigants, advocates, and general public. The project aims to build a national grid of key judicial information available 24 X 7 in a reliable and secure manner.

Project: Centralized Personnel information System (CPIS)
Department: Deputy Commissioner Office Reasi.

Description: The scope of the project is to capture employee profiles as well as office profiles in the CPIS database of all the departments, spread over in the entire state of Jammu & Kashmir. It also envisages to keep up-to-date information of employees, when they are promoted, transferred or retired etc. It also aims to assign a unique Employee Identification Number to all the employees for future references. Further this CPIS database can be used for electronic service book and GPF. The url for Centralized Personnel information system (CPIS) is <http://jkcpis.nic.in/>.

Project: Mother and Child Tracking System(MCTS)
Department: NRHM (Chief Medical Office)

Description:Tracking of Pregnant mothers and children has been recognized as a priority area for providing effective healthcare services to this group. As a major initiative in this regard, the Mother and Child Tracking system (MCH) is name based pregnant mother and child tracking system. It is a management tool to reduce MMR/IMR/TFR and track the health service delivery at the individual level.

Project: IAY - AWAASSoft
Department: Rural Development

Description:Housing is one of the basic requirements for human survival. For a shelterless person, possession of a house brings about a profound change in his existence, endowing him with an identity, thus integrating him with his immediate social milieu. With a view to meeting the housing needs of the rural poor, Indira AwaasYojana (IAY) was launched in May 1985 as a sub-scheme of JawaharRozgarYojana.

AWAASSoft-An e-Governance Solution for Indira AwaasYojana is a local language enabled workflow based transactional level management information system to facilitate e-governance in the system.The system has been prepared and deployed at <http://iay.nic.in> by NIC in collaboration with the Ministry of Rural Development
